

# 81-Year-Old Author Pens Second Crime Novel

## About the Book

In *The Phantom of Penderlea*, a young man running from the law accepts the help of a ruthless father-figure who traffics in drugs, illegal alcohol, and prostitution.

The idea for the novel is based on a true story. *The Phantom of Penderlea* is a crime thriller set in country that will be familiar to folks living in North Carolina. Fans of the FX Network series *Justified* will enjoy this look inside rural mafia of the kind Raylan Givens takes on every week in the hit television series.

*The Phantom of Penderlea* is both crime story and love story, as well as an exploration of the costs and difficulties of overcoming addiction.
